

## MMR™ TACTICAL SEMI-AUTO RIFLE & VORTEX® COMBO

TACTICAL | 2017

A HOST OF AR FEATURES PERFECT FOR HOME DEFENSE OR TARGET APPLICATIONS

The new MMR Tactical has a full set of features for home defense; plus competition, hunting, or recreational target shooting applications.

# MMR

- Mossberg has designed the perfect AR — a sturdy, accurate performer with a host of features to ensure peak performance time-after-time.
- Key Features:** New JM Pro Drop-In Match Trigger; direct-impingement gas system; free-floating 16" barrel for superior accuracy; 13" slim-profile forend with M-LOK®; removable A2 flash suppressor; Magpul® MOE+® grip/trigger guard; and 6-Position stock with interchangeable FLEX™ pad for length-of-pull flexibility. (See Comparison Chart on Page 2 for an extensive list of MMR specifications)
- The MMR Tactical is chambered in 5.56mm NATO/223 REM, and ships with a 30-Round Magpul PMAG magazine.

MMR™ TACTICAL - VORTEX® RED/GREEN DOT COMBO  
5.56MM NATO/223 REM

**PREMIUM VORTEX STRIKEFIRE II OPTICS** This 30mm Red/Green Dot provides split-second target acquisition and maximum field of view with both eyes open. The cantilever mount is ideal for AR platforms, positioning the optic bore center 40mm above the top rail, allowing for the addition of iron rifle sights. Sleek rear-facing controls provide easy adjustment of 10 dot intensity levels. A rugged aluminum alloy chassis provides an extra-high recoil rating and is both waterproof and fogproof.

Mossberg's 13" slim-profile forend/hand guard uses the M-LOK modular mounting system; the full-length top rail accommodates a wide variety of accessories including iron sights, optics, etc. (Sights and accessories, not included)

Designed in conjunction with 3-Gun World Champion Jerry Miculek, the JM Pro Drop-In Trigger (4 lbs pull) features a crisp, creep-free break, and user-adjustable overtravel.

A forward assist and ejection port dust cover are standard on the MMR Tactical.

6-Position stock provides 3.25" LOP adjustment by use of the integrated lever. The FLEX System recoil pad is interchangeable with 3 other thicknesses for further LOP flexibility (pads sold separately).

MMR™ TACTICAL - OPTICS-READY  
5.56MM NATO/223 REM

### MMR TACTICAL — JM PRO DROP-IN MATCH TRIGGER, 6-POSITION STOCK WITH FLEX PAD, MAGPUL MOE+ GRIP/TRIGGER GUARD AND PMAG, 13" M-LOK COMPATIBLE FOREND
